H.R. 2296

A bill to amend the Revised Organic Act of the Virgin Islands to provide that the number of members on the legislature of the Virgin Islands and the number of such members constituting a quorum shall be determined by the laws of the Virgin Islands, and for other purposes

As ordered reported by the House Committee on Resources on June 28, 2000

H.R. 2296 would amend the Revised Organic Act of the Virgin Islands to allow the Virgin Islands to determine the size of its legislature and the number of members needed to constitute a quorum. CBO estimates that enacting H.R. 2296 would have no impact on the federal budget. Because the bill would not affect direct spending or receipts, pay-as-you-go procedures would not apply. H.R. 2296 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
