COST ESTIMATE

S. 1683

**A bill to transfer administrative jurisdiction over part of the
Lake Chelan National Recreation Area from the Secretary of the
Interior to the Secretary of Agriculture for inclusion in the
Wenatchee National Forest**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on May 13, 1998*

CBO estimates that enacting this bill would have no significant impact on the federal budget. Because S. 1683 would not affect direct spending or receipts, pay-as-you-go procedures would not apply. S. 1683 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act of 1995 and would not affect the budgets of state, local, or tribal governments.

S. 1683 would transfer jurisdiction over certain land and water in the state of Washington from the Secretary of the Interior to the Secretary of Agriculture. The bill would adjust the boundary of the Lake Chelan National Recreation Area to exclude a parcel of land and water consisting of about 23 acres of private property and about 60 acres of the surface of Lake Chelan, which is owned by the federal government. The bill would adjust the boundary of the Wenatchee National Forest, managed by the U.S. Forest Service in the Department of Agriculture, to include that same parcel. The private property that would be transferred is currently within the boundaries of both the Lake Chelan Recreation Area and the Wenatchee National Forest. Transferring jurisdiction for that land between agencies would allow the private property to be under the jurisdiction of a single public land unit. We estimate that implementing this jurisdictional transfer would have no net impact on the federal budget.
