S. 686
**Washington-Rochambeau Revolutionary Route National Historic
Trail Designation Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on May 23, 2007*

S. 686 would amend the National Trails System Act to designate the Washington-Rochambeau Revolutionary Route as a National Historic Trail. The route spans over 600 miles across nine states and the District of Columbia that trace the marches taken by the American and French armies during the Yorktown campaign of the Revolutionary War. The National Park Service (NPS) would administer the trail and coordinate the efforts of public and private entities on trail administration, planning, development, and maintenance.

Based on information provided by the NPS and assuming the availability of appropriated funds, CBO estimates that establishing, developing, and administering the proposed historic trail would cost about \$2 million over the 2008-2012 period. Of this amount, we estimate that the NPS would spend about \$300,000 over the next three years to prepare a comprehensive management plan for the trail. In addition, we estimate that the NPS would spend about \$350,000 annually beginning in 2010 for the operations and maintenance of the interpretive program for trail visitors.

S. 686 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
