**S. 1941
Wolf House Study Act of 2008**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on January 30, 2008*

S. 1941 would require the National Park Service (NPS) to conduct a study to determine the feasibility and suitability of designating the Wolf House in Arkansas as a unit of the National Park System. The bill would require the NPS to report its findings and recommendations to the appropriate Congressional committees within three years of receiving funding for the study.

Assuming the availability of appropriated funds, CBO estimates that implementing the legislation would cost \$300,000 over the next three years. Enacting this legislation would not affect direct spending or revenues.

S. 1941 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
