**H.R. 885  
San Antonio Missions National Historical Park  
Boundary Expansion Act of 2013**

*As ordered reported by the House Committee on Natural Resources  
on April 24, 2013*

H.R. 885 would expand the boundary of the San Antonio Missions National Historical Park in Texas to include approximately 137 additional acres. Of the proposed expansion, 118 acres are currently owned by the National Park Service (NPS) or are being donated to the park. The remaining 19 acres would continue to be managed under a cooperative agreement with the city of San Antonio and Bexar County, which own the property.

Based on information provided by the NPS, CBO estimates that implementing H.R. 885 would have no significant impact on the federal budget. The NPS currently manages most of the land that would be added to the park, and CBO estimates that the legislation would not significantly affect operating costs. Enacting H.R. 885 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 885 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.
