NOTES: Assumes enactment near the end of fiscal year 2013. Policies are assumed to be effective on or after October 1, 2013. Changes in eligibility and benefits in SNAP are assumed to be applied at recertification.

* = savings of less than \$500,000; details may not add to totals because of rounding.

SNAP = Supplemental Nutrition Assistance Program.

a. Under current law, SNAP expires on September 30, 2013. The CBO baseline assumes the program is extended. However, for the proposals in S.458 to have any effect, SNAP would have to be extended prior to or concurrent with enactment of this proposal. Without such an extension, enacting S.458 would have no budgetary effect.

b. Estimate assumes enactment near the end of fiscal year 2013. The benefit increase under the American Recovery and Reinvestment Act expires in the first month of fiscal year 2014, so there would not be any additional savings from Section 10.
