

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

April 22, 2010

S. 3031

Drug Free Communities Enhancement Act of 2010

As ordered reported by the Senate Committee on the Judiciary on April 15, 2010

SUMMARY

S. 3031 would authorize the appropriation of \$5 million for each of fiscal years 2011 through 2015 for the Office of National Drug Control Policy to make grants to community coalitions (individuals, nonprofits, business, law enforcement, and state and local agencies) to implement communitywide strategies to address issues concerning illegal drugs. Assuming appropriation of the authorized amounts, CBO estimates that implementing the bill would cost \$25 million over the 2011-2015 period. Enacting the bill would not affect direct spending or revenues; therefore, pay-as-you-go procedures would not apply.

S. 3031 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

ESTIMATED COST TO THE FEDERAL GOVERNMENT

The estimated budgetary impact of S. 3031 is shown in the following table. CBO assumes that the amounts authorized will be appropriated by the start of each fiscal year and that outlays will follow the historical rate of spending for similar activities. The costs of this legislation fall within budget function 800 (general government).
