H.R. 4166

**An act to amend the Idaho Admission Act regarding the sale or lease
of school land**

*As reported by the Senate Committee on Energy and Natural Resources
on September 25, 1998*

H.R. 4166 would amend the Idaho Admission Act to provide the state with greater flexibility in managing lands given to it by the federal government in 1890 and placed in an endowment to benefit public education. These changes would conform federal statute to recent amendments to the state constitution enacted by the Idaho State Legislature.

CBO estimates that enacting this legislation would have no impact on the federal budget. Because H.R. 4166 would not affect direct spending or receipts, pay-as-you-go procedures would not apply. H.R. 4166 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

On August 12, 1998, CBO submitted a cost estimate for H.R. 4166, as ordered reported by the House Committee on Resources. The two versions are identical, as are the cost estimates.

The CBO staff contact for this estimate is Marjorie Miller. This estimate was approved by Robert A. Sunshine, Deputy Assistant Director for Budget Analysis.
