

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

September 21, 2004

S. 2142

**A bill to authorize appropriations for the
New Jersey Coastal Heritage Trail Route, and for other purposes**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on September 15, 2004*

S. 2142 would increase the existing authorization of appropriations for developing the Coastal Heritage Trail Route in New Jersey from \$4 million to \$8 million and extend the authorization period for such activities for an additional five years. Assuming appropriation of the authorized amounts, CBO estimates that the federal government would spend \$4 million over the 2005-2009 period to implement the bill. Enacting the bill would not affect direct spending or revenues.

S. 2142 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
