S. 264
Wallowa Lake Dam Rehabilitation and Water Management Act of 2007
*As ordered reported by the Senate Committee on Energy and Natural Resources
on January 31, 2007*

SUMMARY

S. 264 would authorize the appropriation of \$6 million for the Bureau of Reclamation’s contribution to the rehabilitation of the Wallowa Lake Dam. Implementing S. 264 would cost \$6 million over the 2008-2012 period. Enacting the legislation would not affect direct spending or revenues.

S. 264 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

ESTIMATED COST TO THE FEDERAL GOVERNMENT

For this estimate, CBO assumes that this bill will be enacted near the end of 2007, that \$2 million will be provided each year over the 2008-2010 period, and that outlays will follow the historical spending pattern for similar activities. Appropriation of the authorized amount would result in discretionary spending of \$6 million over the 2008-2011 period. The estimated budgetary impact of S. 264 is shown in the following table. The costs of this legislation fall within budget function 300 (natural resources and environment).
