

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

November 5, 2009

H.R. 2781
A bill to amend the Wild and Scenic Rivers Act
to designate segments of the Molalla River in Oregon
as components of the National Wild and Scenic Rivers System

*As ordered reported by the House Committee on Natural Resources
on October 28, 2009*

H.R. 2781 would designate two segments of the Molalla River in Oregon as a recreational river within the National Wild and Scenic Rivers System. Based on information provided by the Bureau of Land Management, which administers the two river segments that would be affected by the proposed designation, implementing the bill would have no effect on the federal budget. The affected segments, which total about 21 miles, are already protected for wilderness values, and the proposed designation would not significantly affect the way they are administered.

H.R. 2781 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
