S. 1139

Wallowa Forest Service Compound Conveyance Act

*As ordered reported by the Senate Committee on Energy and Natural Resources
on December 16, 2009*

S. 1139 would direct the Forest Service to convey, without consideration, about 1 acre of land in Oregon to the city of Wallowa. Based on information provided by the Forest Service, CBO estimates that implementing the bill would have no net effect on the federal budget. Because the affected land (and related structures) would probably have been sold under existing authority, enacting the bill would reduce offsetting receipts, but the loss in receipts would be offset by lower direct spending of a similar amount. (CBO estimates that the value of the land would be less than \$500,000.) Enacting the bill would not affect revenues.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
