Note: Components may not sum to totals because of rounding.

- a. For revenues, positive numbers indicate a decrease in the deficit; negative numbers indicate an increase in the deficit.
- b. The bill would modify and extend the payroll-tax holiday for two months, causing a reduction in off-budget revenues credited to the Social Security trust funds. The bill also would transfer from the Treasury to the Social Security trust funds an amount equal to that off-budget revenue loss. The off-budget receipt would offset the lost revenue and, thus, section 101 would have no net off-budget effect.
