**H.R. 1016
Assessing Progress in Haiti Act**

As amended by the House Committee on Foreign Affairs on April 14, 2011

H.R. 1016 would require the President to use existing appropriations to prepare a report to the Congress on the status of reconstruction and development efforts in Haiti following the earthquake there in 2010. CBO estimates that the cost of such a report, which would be direct spending, would be less than \$500,000 in 2012. Enacting H.R. 1016 would not affect revenues.

Pay-as-you-go procedures apply because enacting the legislation would affect direct spending; however, CBO estimates those effects would be insignificant.

H.R. 1016 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Sunita D'Monte. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
