H.R. 3237

SOAR Technical Corrections Act

*As ordered reported by the House Committee on Oversight
and Government Reform on November 3, 2011*

H.R. 3237 would amend the Scholarships for Opportunity and Results Act, which provides funding to cover the costs of tuition, fees, and transportation for District of Columbia residents attending private elementary and secondary schools. The bill would amend the requirements for teachers and for testing of students at schools with scholarship recipients.

CBO estimates that implementing H.R. 3237 would have no effect on discretionary spending. In addition, enacting the bill would have no impact on direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 3237 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
