

CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE

June 21, 2011

**H.R. 944**

**A bill to eliminate an unused lighthouse reservation, provide management consistency by incorporating the rocks and small islands along the coast of Orange County, California, into the California Coastal National Monument managed by the Bureau of Land Management, and meet the original Congressional intent of preserving Orange County's rocks and small islands, and for other purposes**

*As ordered reported by the House Committee on Natural Resources on June 15, 2011*

H.R. 944 would add certain islands and large rocks located off the coast of California to the California Coastal National Monument. The act also would repeal statutes enacted in the 1930s that reserved two of the rocks for lighthouses that were never constructed.

Based on information provided by the Bureau of Land Management, CBO estimates that implementing H.R. 944 would have no significant impact on the federal budget. The affected properties are already administered by the federal government, and their inclusion in the national monument would not require the purchase or development of any land. Enacting H.R. 944 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 944 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Jeff LaFave. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
