

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

December 16, 2011

**S. 1325
Lower Mississippi River Area Study Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on November 10, 2011*

S. 1325 would direct the Secretary of the Interior to conduct a study to determine the suitability and feasibility of designating specified sites along the Lower Mississippi River in the state of Louisiana as a unit of the National Park System. Based on information provided by the National Park Service and assuming the availability of appropriated funds, CBO estimates that carrying out the proposed study would cost about \$400,000 over the next three years. Enacting S. 1325 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

S. 1325 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on states, local, or tribal governments.

The CBO staff contact for this estimate is Martin von Gnechten. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
