

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

December 16, 2011

**S. 140
Sleeping Bear Dunes National Lakeshore
Conservation and Recreation Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on November 10, 2011*

S. 140 would designate as wilderness about 32,500 acres of the Sleeping Bear Dunes National Lakeshore in the state of Michigan. The newly designated lands and inland waterways would comprise the Sleeping Bear Dunes Wilderness, a new component of the National Wilderness Preservation System.

Based on information from the National Park Service, CBO estimates that the bill would have an insignificant impact on the federal budget. More than 30,000 of the affected acres have been managed as wilderness since 1981, and CBO estimates that the potential impact of the designation on public use would be minor. Enacting S. 140 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

S. 140 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Martin von Gnechten. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
