Note: This resolution would provide funding through December 15, 2013. It includes effects of the 2013 sequestration. Amounts are shown on an annualized basis.

Funding for the National Weather Service is provided within two accounts for the National Oceanic and Atmospheric Administration: the Operations, Research, and Facilities account and the Procurement, Acquisition, and Construction account. CBO estimated the amounts shown above based on tables in the explanatory text published in the Congressional Record on March 11, 2013, (pages S1302-1303), reduced by 7 percent for across-the-board rescissions and sequestration.
