

CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE

June 20, 2013

**H.R. 1825**  
**Recreational Fishing and Hunting Heritage and Opportunities Act**

*As ordered reported by the House Committee on Natural Resources  
on June 12, 2013*

H.R. 1825 would require federal land management agencies to provide access to certain federal lands for hunting, fishing, and recreational shooting activities. The bill also would require those agencies to prepare annual reports identifying lands that have been closed to such activities. Based on information provided by the affected agencies, CBO estimates that implementing the legislation would have no significant impact on the federal budget. Enacting H.R. 1825 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

Because the Bureau of Land Management, the Forest Service, and other land management agencies have the authority to allow hunting, fishing, and recreational shooting on lands under their jurisdictions, CBO expects that implementing the bill would not significantly affect agency operations. In addition, the activities necessary to complete the annual reports required under the bill are similar to activities performed by the affected agencies under current law. Therefore, we estimate that implementing the legislation would have no significant impact on the budgets of those agencies.

H.R. 1825 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Jeff LaFave. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
