

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

September 12, 2014

**H.R. 4276
Veterans Traumatic Brain Injury Care Improvement Act of 2014**

*As ordered reported by the House Committee on Veterans' Affairs
on September 10, 2014*

H.R. 4276 would require the Department of Veterans Affairs (VA) to submit detailed quarterly reports to the Congress regarding the pilot program for rehabilitative services for veterans with traumatic brain injury. Based on information from VA, CBO estimates that implementing this bill would cost \$1 million over the 2015-2019 period, assuming the availability of appropriated funds.

Enacting H.R. 4276 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 4276 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Ann E. Futrell. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
