

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

December 4, 2014

### **S. 2963**

#### **A bill to remove a limitation on a prohibition relating to permits for discharges incidental to normal operation of vessels**

*As ordered reported by the Senate Committee on Environment and Public Works  
on December 2, 2014*

S. 2963 would permanently extend an existing rule prohibiting the Environmental Protection Agency (or a state administering the Clean Water Act) from requiring a permit for incidental discharges from fishing vessels or commercial vessels less than 79 feet long. CBO estimates that enacting this legislation would have no significant budgetary effect.

Pay-as-you-go procedures do not apply to this legislation because it would not affect direct spending or revenues.

S. 2963 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Susanne S. Mehlman. This estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
