

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

February 9, 2016

H.R. 2831

**A bill to make technical amendments to update statutory
references to provisions classified to chapters 44, 45, 46, and 47
of title 50, United States Code**

*As ordered reported by the House Committee on the Judiciary
on December 2, 2015*

H.R. 2831 would update citations throughout the United States Code that refer to certain provisions of title 50 of the Code (relating to war and national defense). The bill also would make other technical amendments. CBO estimates that enacting H.R. 2831 would have no significant effect on the federal budget and would not affect direct spending or revenues.

Because enacting the bill would not affect direct spending or revenues, pay-as-you-go procedures do not apply. Enacting H.R. 2831 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027, CBO estimates.

H.R. 2831 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is William Ma. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
