

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

**H.R. 2908
National Bison Legacy Act**

*As ordered reported by the House Committee on Oversight and Government Reform
on March 1, 2016*

H.R. 2908 would establish the North American bison as the national mammal of the United States. The legislation would not change any plan, policy, management decision, or regulation of the federal government. Thus, CBO estimates that implementing the legislation would have no effect on the federal budget. Because enacting the bill would not affect direct spending or revenues, pay-as-you-go procedures do not apply.

CBO estimates that enacting H.R. 2908 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

H.R. 2908 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Matthew Pickford. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
