COST ESTIMATE**

**H.R. 3711
Chicano Park Preservation Act**

As ordered reported by the House Committee on Natural Resources on November 16, 2016

H.R. 3711 would require the National Park Service (NPS) to conduct a special resource study of the Chicano Park located in San Diego, California. (The park and its murals depict the history of Chicano culture and the Chicano Civil Rights Movement.) The study would determine whether the site meets NPS criteria for inclusion in the National Park System. Based on information provided by the NPS, CBO estimates that implementing the legislation would cost \$250,000 over the 2017-2021 period; such spending would be subject to the availability of appropriated funds.

Enacting the legislation would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

CBO estimates that enacting H.R. 3711 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

H.R. 3711 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.
