

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

April 24, 2015

**S. 1031
WIOA Technical Amendments Act**

As introduced on April 21, 2015

S. 1031 would amend the Workforce Investment and Opportunity Act to clarify the standing of workforce development boards, broaden the primary indicators of performance for the youth employment program authorized by the act, and establish minimum allotment procedures for establishing grants to states for adult employment and training activities. In addition, the bill would clarify terms of membership for the National Council on Disability.

CBO estimates that enacting S. 1031 would not have any budgetary effects; therefore, pay-as-you-go procedures do not apply.

S. 1031 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contacts for this estimate are Christina Hawley Anthony and Emily Stern. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
