

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

August 5, 2016

S. 2620

A bill to facilitate the addition of park administration at the Coltsville National Historic Park, and for other purposes

*As ordered reported by the Senate Committee on Energy and Natural Resources
on July 13, 2016*

S. 2620 would revise the boundaries of the Coltsville National Historic Park in Connecticut. The Coltsville site is about 260 acres of land and structures that hold artifacts associated with Colt Firearms and the Samuel Colt family. S. 2620 would allow the National Park Service (NPS) to use space outside of the area stipulated under current law as the National Historic Park.

Under S. 2620, NPS would relocate some existing facilities to the new area. CBO estimates that any costs to implement S. 2620 would be insignificant and subject to the availability of appropriated funds.

Because enacting S. 2620 would not affect direct spending or revenues, pay-as-you-go procedures do not apply. CBO estimates that enacting S. 2620 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

S. 2620 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

On March 4, 2016, CBO transmitted a cost estimate for H.R. 2857, a bill to facilitate the addition of park administration at the Coltsville National Historic Park, and for other purposes, as ordered reported by the House Committee on Natural Resources on February 3, 2016. The two pieces of legislation are similar and CBO's estimates of their budgetary effects are the same.

The CBO staff contact for this estimate is Jon Sperl. The estimate was approved by Theresa Gullo, Assistant Director for Budget Analysis.
