

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

September 1, 2016

**S. 3027  
Acadia National Park Schoodic Peninsula Land Ratification  
and Approval Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources  
on July 13, 2016*

S. 3027 would confirm the boundary of Acadia National Park in Maine. The National Park Service (NPS), which manages the park, administratively adjusted the boundary in 2015 when the agency accepted the donation of 1,441 acres of land for inclusion within the park.

The bill also would permanently authorize that park's advisory commission and repeal the agency's authority to acquire additional parcels of land outside of the permanent boundaries of the park. Finally, the bill would modify a use restriction on a parcel of land that was conveyed to the town of Tremont, Maine in 1951.

Based on information from the NPS, CBO estimates that implementing S. 3027 would not have any significant budgetary effects. Enacting the legislation would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

CBO estimates that enacting S. 3027 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

S. 3027 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Jon Sperl. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
