2016 current status includes budget authority and outlays resulting from prior year appropriations. It reflects the latest stage of action, starting with the committee-reported stage.

- The Concurrent Resolution on the Budget for FY 2016 (S. Con. Res. 11) provided budget authority and outlay allocations to the Senate Committee on Appropriations. On May 21, 2015, the committee filed a report showing allocations to each subcommittee. For discretionary activities, the allocation provides separate amounts for budget authority (security and nonsecurity) and a single amount for outlays.
- Pursuant to section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 (the Deficit Control Act), as amended; emergency, disaster, and program integrity funding are included in the current status amounts.
- These amounts are subject to discretionary spending limits in the the Deficit Control Act. The spending limits will be adjusted to accommodate appropriations designated pursuant to section 251(b)(2) of the act.
- CBO estimates that sec. 567 of S. 1619 results in an insignificant increase in revenues in 2016 and an increase of \$1 million in each of the years 2017-2020, for a total of \$4 million over the 2016-2025 period.
