

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

June 21, 2010

**H.R. 4514
Colonel Charles Young Home Study Act**

*As ordered reported by the House Committee on Natural Resources
on June 16, 2010*

H.R. 4514 would require the National Park Service (NPS) to conduct a special resource study of the Colonel Charles Young Home in Xenia, Ohio. Colonel Young was an African-American who served in the U.S. Army between 1884 and 1922. In the study, the NPS would evaluate the resources of the site and determine the suitability and feasibility of designating it as a unit of the National Park System. The NPS would have three years to complete the study and report to the Congress on its results.

Based on information provided by the NPS and assuming the availability of appropriated funds, CBO estimates that carrying out the study required by H.R. 4514 would cost about \$250,000 over the next three years. Enacting H.R. 4514 would not affect direct spending or revenues; therefore, pay-as-you-go procedures would not apply.

H.R. 4514 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
