

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

April 7, 2017

**H.R. 863**

**An act to facilitate the addition of park administration at the Coltsville National Historic Park, and for other purposes**

*As ordered reported by the Senate Committee on Energy and Natural Resources  
on March 30, 2017*

H.R. 863 would revise the boundaries of the Coltsville National Historic Park in Connecticut. The Coltsville site is about 260 acres of land and structures that hold artifacts associated with Colt Firearms and the Samuel Colt family. H.R. 863 would allow the National Park Service (NPS) to use space outside of the area stipulated under current law as the National Historic Park.

Under H.R. 863, NPS would relocate some existing facilities to the new area. CBO estimates that any costs to implement H.R. 863 would be insignificant and subject to the availability of appropriated funds.

Enacting H.R. 863 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply. CBO estimates that enacting H.R. 863 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

H.R. 863 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.
