

CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE

June 25, 2018

**H.R. 6084**  
**Improving Social Security's Service to Victims of Identity Theft Act**

*As ordered reported by the House Committee on Ways and Means  
on June 21, 2018*

H.R. 6084 would require the Social Security Administration (SSA) to assign a single point of contact for each individual reporting misuse of their Social Security number.

CBO estimates that implementing H.R. 6084 would have insignificant effects on spending subject to appropriation. While SSA would need to make some adjustments to its processes for tracking and coordinating cases of reported misuse, the agency is generally already performing the functions described by the legislation.

Enacting H.R. 6084 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

CBO estimates that enacting H.R. 6084 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2029.

H.R. 6084 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act.

The CBO staff contact for this estimate is Emily Stern. The estimate was reviewed by Theresa Gullo, Assistant Director for Budget Analysis.
