		Contains private-sector mandate?	No
* = between zero and \$500,000.			

S. 2381 would require the Government Accountability Office (GAO) to review the Transportation Security Administration’s implementation of the Bottles and Breastfeeding Equipment Screening Act. Using information about the cost of other GAO studies, CBO estimates that the review would cost less than \$500,000.

On August 7, 2019, CBO transmitted a [cost estimate for H.R. 3246](#), the Traveling Parents Screening Consistency Act of 2019, as ordered reported by the House Committee on Homeland Security on July 17, 2019. The bills are similar, and CBO’s estimates of their budgetary effects are the same.

The CBO staff contact for this estimate is Madeleine Fox. The estimate was reviewed by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
