The Statutory Pay-As-You-Go Act of 2010 establishes budget-reporting and enforcement procedures for legislation affecting direct spending or revenues. The net changes in outlays that are subject to those procedures are shown here.

H.R. 8015 would prohibit the Postal Service (USPS) from approving any change to its operations that would reduce or impede prompt service. The bill also would require USPS to reverse any policies that delay processing of the mail. Finally, the bill would appropriate \$25 billion to cover USPS operations.

a. USPS cash flows are recorded in the federal budget in the Postal Service Fund and are classified as off-budget; however, the bill would transfer funds from the Treasury to the Postal Service Fund. That transfer would be classified as an on-budget transaction.
