H.R. 2789 would require the Department of State to develop a strategy and report to the Congress on cooperation between U.S. and Mexican government entities (including at the local level) and nongovernmental organizations to curb drug trafficking. It also would require the department to report to the Congress on steps the United States could take to expand access to capital in Caribbean countries.

On the basis of information about similar reporting requirements, CBO estimates that implementing the bill would cost less than \$500,000 over the 2023-2028 period. Such spending would be subject to the availability of appropriated funds.

The CBO staff contact for this estimate is Sunita D'Monte. The estimate was reviewed by Chad Chirico, Deputy Director of Budget Analysis.
