H.R. 533 would amend the Tibetan Policy Act of 2022 (Public Law 107-228) to expand the responsibilities of the Special Coordinator for Tibetan Issues to include countering Chinese disinformation about Tibet. The bill would allow the use of funds authorized for countering China’s influence to be used to refute that disinformation. It also would expand an existing reporting requirement to include information on efforts undertaken as a result of the bill.

On the basis of information about the Special Coordinator for Tibetan Issues and ongoing programs to counter Chinese influence, including in Tibet, CBO estimates that satisfying the bill’s requirements to counter Chinese disinformation about Tibet would be fulfilled under existing programs and that expanding the existing report would cost less than \$500,000 over the 2024-2028 period. Any spending would be subject to the availability of appropriated funds.
