H.R. 7326 would incorporate other laws and amend technical errors in three chapters of title 5, United States Code. Public Law 117-286, which was signed into law on December 27, 2022, enacted those chapters into positive law. H.R. 7326 would amend those chapters to keep them current with other changes made to positive law. Information from the Office of Law Revision Counsel indicates that the bill would make no substantive changes to the law. On that basis, CBO estimates that enacting H.R. 7326 would have no effect on the federal budget.

The CBO staff contact for this estimate is Matthew Pickford. The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.
